502. Elon Musk says as early as next year humans will have microchips implanted in them. Which of the following comes closer to your view regarding Elon Musk's prediction? Statement A. I welcome microchip implants in the brain and believe this is the next level of human evolution and it will improve my life. Statement B. I worry that technology like microchip implants will ultimately be used to bring humanity to a level of totalitarian control never before seen in history.

503. Klaus Schwab, head of the World Economic Forum, predicts that humans will merge with artificial intelligence in the near future. Which of the following statements comes closer to your view on humanity merging with AI? Statement A. As people get physically closer to technology, it is inevitable we will merge with artificial intelligence and this will bring our standard of living to new heights. Statement B. I am perfectly fine with remaining human and have no interest in merging with artificial intelligence.

503. Klaus Schwab, head of the World Economic Forum, predicts that humans will merge with artificial intelligence in the near future. Which of the following statements comes closer to your view on humanity merging with AI? Statement A. As people get physically closer to technology, it is inevitable we will merge with artificial intelligence and this will bring our standard of living to new heights. Statement B. I am perfectly fine with remaining human and have no interest in merging with artificial intelligence.

504. Which do you believe is best for the future of humanity? Statement A. The United Nations becoming a global government and all nations ceding power to the UN
 Statement B. Maintaining National governments with citizens of those nations voting on matters of interest to their own nation – no global government overseeing 200+ nations.
 Statement C. We need to go smaller than national governments. Some nations have so much division and intense disagreement, that they actually need to peacefully divorce and become their own separate entities.
