103. Which statement comes closer to your view regarding the recent explosion of the Russian Nordstream pipelines that carry gas to Europe? A. The Kremlin, led by Vladimir Putin, is out of control and they blew up their Nordstream pipelines for revenge against Europeans. B. It makes no sense that Russia blew up its own asset that provides them with revenue as well as geopolitical leverage over Europe which is dependent on Russian fuel.

 N=1006 Margin of Error +/- 3.2 percentage points

104. Regarding inflation and the federal reserve, which of the following statements comes closer to your own view? A. Eventually like in every other economic downturn, in order for our economy to recover, Americans will for a period of time have to learn to live with less easily accessible credit. B. The federal reserve needs to do everything it can to keep supplying more easily available credit at low-interest rates. Keep it coming, don't halt the engine.
