- a. Armed conflict is affecting me now
- b. Armed conflict will affect me in the next decade
- c. Armed conflict will not affect me in the next decade
- d. Not sure

14. Overall, how well are countries working together to find solutions for the following issues?

a. war and conflict

|                       |                           |          |
|-----------------------|---------------------------|----------|
| Working together well | Not working well together | Not sure |
|-----------------------|---------------------------|----------|

b. climate change

|                       |                           |          |
|-----------------------|---------------------------|----------|
| Working together well | Not working well together | Not sure |
|-----------------------|---------------------------|----------|

c. economic insecurity

|                       |                           |          |
|-----------------------|---------------------------|----------|
| Working together well | Not working well together | Not sure |
|-----------------------|---------------------------|----------|

d. food insecurity

|                       |                           |          |
|-----------------------|---------------------------|----------|
| Working together well | Not working well together | Not sure |
|-----------------------|---------------------------|----------|

e. gender inequality

|                       |                           |          |
|-----------------------|---------------------------|----------|
| Working together well | Not working well together | Not sure |
|-----------------------|---------------------------|----------|

f. gender-based violence, including online

|                       |                           |          |
|-----------------------|---------------------------|----------|
| Working together well | Not working well together | Not sure |
|-----------------------|---------------------------|----------|

g. lack of access to technology

|                       |                           |          |
|-----------------------|---------------------------|----------|
| Working together well | Not working well together | Not sure |
|-----------------------|---------------------------|----------|

h. insufficient social protection (social programs aimed at preventing or protecting all people against poverty, vulnerability, and social exclusion)

|                       |                           |          |
|-----------------------|---------------------------|----------|
| Working together well | Not working well together | Not sure |
|-----------------------|---------------------------|----------|

i. weak education systems

|                       |                           |          |
|-----------------------|---------------------------|----------|
| Working together well | Not working well together | Not sure |
|-----------------------|---------------------------|----------|

j. lack of access to healthcare, including sexual and reproductive health and rights

|                    |                           |          |
|--------------------|---------------------------|----------|
| Work together well | Not working well together | Not sure |
|--------------------|---------------------------|----------|

15. Do you think women's representation in leadership positions in your country will progress, regress, or remain the same over the next decade?
- Progress
  - Regress
  - Remain the same
  - Not sure
16. In your opinion, how best can the participation of young women (18-35 years old) in national and global affairs be supported? **[Please select two]**
- Through quotas
  - Through policies that promote gender equality
  - Through more networking and inter-generational support between younger and older women
  - Through access to more economic opportunities
  - Through more young women working in science, technology, engineering, and mathematics (STEM)
  - Through better education systems
- 17.** In your opinion, **which two of the following** would be the most helpful in ensuring that women's voices and perspectives help shape the future of the world?
- Having more women in positions as Heads of States or Governments
  - Having more women in positions of leadership in international organizations, national and local governments and private sector companies.
  - Organizing more consultations with women's networks on global issues and taking them into account in policy-making.
  - Collecting women's voices and aspirations globally on a regular basis, and making sure they are taken into account in policy-making
  - Other
